PROFESSIONAL SUMMARY

Full Stack Developer with nearly a year of experience crafting interactive web applications using TypeScript, React.js/Next.js, and Node.js. Demonstrated ability to develop scalable, user-centric solutions that enhance performance and user engagement. Focusing on front-end development, with a keen eye for detail and a commitment to continuous learning. Eager to embrace new challenges to further refine and expand development and architectural expertise.

SKILLS

- React.js/Next.js (TypeScript)
- Back-end development (Node.js, Express.js, ASP.NET)
- Databases (SQL, MySQL, MongoDB)
- Front-end libraries and state management (Shadcn/ui, redux, zustand, MUI)

EDUCATION

Software Practical Engineering| 2022-2024

Ariel *Technical College, Ariel*

- Studied practical courses about software engineering e.g. Front-end/Backend Development, Operating System, algorithms & data structures, SQL etc.
- GPA: 94

WORK EXPERIENCE

Oversight Group

Front-end Developer | *October 2024 - Present*

- Got to take charge of multiple projects as a front-end developer, gaining skills in Next.js, TailwindCSS, SCSS.
- Fast-paced team environment, consistently meeting tight deadlines and delivering high-quality results under pressure.
- Maintain high development standards by following best practices in TypeScript and Next.js to keep projects easy to maintain and scale.

Oversight Group

Quality Assurance | *July 2024 - October 2024*

- Executed detailed manual testing procedures to identify, document, and track software defects, ensuring high-quality product releases..
- Collaborated closely with development teams to validate functionality, usability, and performance, contributing to continuous improvement and bug resolution.
